

Ref #	Hits	Search Query	DBs	Default Operator	Plurals	Time Stamp
L1	0	(sense adj amplifier) same sequentially same (determine) same data same values same reference same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:11
L2	1	(sense adj amplifier) same sequentially same data same values same reference same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:22
L3	1	"6188615".did.	USPAT	OR	OFF	2005/03/18 12:13
L4	0	(sense adj amplifier) same sequentially same data same values same decision same threshold same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:22
L5	0	(sense adj amplifier) same sequentially same data same values same threshold same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:23
L6	1	(sense adj amplifier) same sequential same data same values same threshold same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:23
L7	1	(sense adj amplifier) same (sequential or sequentially) same data same values same threshold same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:28
L8	21	(sense adj amplifier) same (sequential or sequentially) same data same threshold same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:28
L9	1	(sense adj amplifier) same (sequential or sequentially) same data same determine same threshold same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:33
L10	0	(sense adj amplifier) same (sequential or sequentially) same determine same data same (stored or store) same compare same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:33
L11	0	(sense adj amplifier) same (sequential or sequentially) same determine same data same (stored or store) same (compare or comparing or compares) same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:33

L12	2	(sense adj amplifier) same (sequential or sequentially) same (determine or interpret or read or reads or reading) same data same (stored or store) same (compare or comparing or compares) same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:49
L13	2	(sense adj amplifier) same (sequential or sequentially) same (decide or determine or interpret or read or reads or reading) same data same (stored or store) same (compare or comparing or compares) same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:49
L14	2	(sense adj amplifier) same (sequential or sequentially) same (decide or determine or determining or determines or interpret or read or reads or reading) same data same (stored or store) same (compare or comparing or compares) same (memory or cell)	USPAT	OR	OFF	2005/03/18 12:50
L15	57	(referenced or reference) same initial same (sequential or sequentially) same (sense or sensing)	USPAT	OR	OFF	2005/03/18 13:16
L16	10	15 and (memory adj (cells or elements))	USPAT	OR	OFF	2005/03/18 12:51
L17	47	15 not 16	USPAT	OR	OFF	2005/03/18 13:21
L18	140	(sense adj amplifier) same (reads or read or reading or sensing or determining or determine or determines) same (sequential or sequentially) same data same (stored or store or storing) same (memory or cells)	USPAT	OR	OFF	2005/03/18 13:23
L19	21	((sense adj amplifier) same (reads or read or reading or sensing or determining or determine or determines) same (sequential or sequentially) same data same (stored or store or storing) same (memory or cells) same reference)	USPAT	OR	OFF	2005/03/18 13:23
